To whom it may concern,

I realize that many of you in the Bush administration are holdovers from the most corrupt administration to hold the office of President. I also realize that there probably remains a number of corrupt individuals who believe that all businesses should be sending large donations to the Democratic Party. (In addition to the foreign entities that bought legislation from Clinton)

But, I request that you return the country to normalcy (ie Government not suing legal businesses because you want more cash to redistribute to the non-producers) That request includes any lawsuits against Microsoft, Gun Manufacturers, Tobacco Companies, Automobile Manufacturers.... All of this should cease immediately.
